SUBSTITUTION POLICY

In some instances our images represent an overall look or theme and include a one-of-a-kind vase, vessel, or statue which cannot be exactly replicated.

Although the piece may not exactly replicate the photo, the temperament will. Occasionally, substitutions are necessary due to seasonal availability, weather or market conditions. In these instances we will ensure the design you have selected and the final product will have the same color scheme, theme and style, and we will only use suitable substitutions of equal or greater value.
